

even to discuss the military career as a choice because of her own prejudices. And when Kagan personally joined a lawsuit to uphold her banishment of the military recruiters, the very Supreme Court she wants to join unanimously said she was wrong in her judgement.

Elena Kagan is hostile to the First Amendment. She wants control over free thought and free expression unless she personally agrees with it. Kagan's attack on the First Amendment shows her dangerous distrust for the principles of the Constitution. Her lack of objective judgment shows she has no business sitting in judgment on the most powerful court in the world.

And that's just the way it is.

POLITICAL BALANCE IN
WASHINGTON

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Madam Speaker, with the Democrats in control, mil-

lions of jobs have been lost. The main job creation has been in the Federal Government, not the private sector. The national debt has doubled and the national deficit has tripled. Taxes have gone up and will increase even more at the end of the year. And the Democrats in the House haven't even bothered to propose a Federal budget. If a budget is not approved this year, it will be the first time since the Budget Act was enacted in 1974.

One party controls the House of Representatives, the Senate, and the White House. We need a political balance in Washington, not a one-party monopoly.
